EDUCATION BACKGROUND

B.Tech in Civil Engineering
Kalinga University, Raipur, Chhattisgarh

2026 – 2029 (2nd Year)

Diploma in Civil Engineering
Kalinga University, Raipur, Chhattisgarh

Completed (First Division)

KEY PROJECTS & PRACTICAL WORK

1. EV Battery Management & Telemetry Simulation (Azure IoT)

Designed an IoT telemetry model to monitor electric vehicle battery cell health, thermal stability, voltage thresholds, and State of Charge (SoC) using Azure IoT Hub and Cloud Dashboards during Codec Technologies internship.

2. Structural Load Distribution & Floor Plan Analysis

Executed structural analysis for multi-story residential building frames, calculating dead loads, live loads, and shear forces for beam-column layout blueprints under CodeAlpha Civil Engineering program.

3. Prashant Marketing Agency & Automated Billing Platform

Architected and deployed a multi-vertical digital service catalog featuring automated GST invoice generation, instant print-ready customer bills, and a multi-theme responsive interface (prashantayush.site).
